Additional Rules and Requests

When you engage with the university either online or at events on site, staff may explain some additional rules and regulations that will apply to specific sessions or activities. As such, it is expected that you will adhere to them for your own health and safety, and that of other students and staff. The above provides a broad overview of our expectations but failure to adhere to additional rules and requests at events, not set out above, will be

similar scenarios will be provided throughout the programme and you can seek advice from the Sutton Trust team if you have any questions. You can e-mail Sutton.trust@durham.ac.uk

Attendance at events ±

If you are unable, for any reason, to attend any of the programme events, particularly the summer school and therefore unable to complete the project/assignment, you should contact us immediately. Please note that it may be appropriate to withdraw students from the programme in order to give a place to a candidate who is able to complete the programme. We highly recommend that you attend all events to make the most of your experience. We have selected you partly based on your assumed motivation for the programme and thus we have an expectation that students will participate in every event, except in exceptional circumstances such as illness or other unforeseen circumstances. If for whatever reason you cannot attend an event, it is important that you give us as much notice as you can.

Deferring your Sutton Trust offer ±

Sometimes students want to take a year out from their studies (gap year) to work or travel before coming to university. Where students have an offer from a university but want to start in 2024/25 you would ordinarily be applying to start your course at university in 2024/25. If you want to defer your offer to start your course at university in 2025/26 this would mean starting a year later in September/October 2026 or 2026 entry.

It is possible but not guaranteed that Sutton Trust students can defer their Sutton Trust offers. There are two main ways this can happen:

- 1) Students apply through UCAS in Year 13 as usual but apply for deferred entry. This means you will find out whether or not you have a place for the relevant entry year sooner.
- 2) Students choose not to apply in Year 13 but submit a request for their Sutton Trust offer to be held over for a subsequent entry year.

If you are thinking of deferring your offer, please contact the Sutton Trust team at Sutton.trust@durham.ac.uk for more information.
