Faculty of Science Undergraduate Programmes

UG Programmes

Most Departments offer BSc and also undergraduate Masters (e.g. MBiol, MMath, MChem, MSc) <http://www.durham.ac.uk/ug/programmes>

Our pedagogical approach

Research-Led Education

- ‡ Teaching and learning aligned with our world-leading research.
- ‡ Students exposed to cutting edge ideas, the latest debates and hypotheses.
- ‡ Learning is oriented towards vital (and transferable) research skills: intellectual synthesis, independent study, research project design and implementation, and critical thinking.
- ‡ Inquiry-based learning rather than acquisition of content.
- ‡ Brings us closer to students, and students closer to us.
